VOLCANO MARSHALL RELEASED ON BAIL

Appears Before Judge When asked what be considered a nom-Estee on Habeas Corpus.

THE OUESTION OF JURISDICTION

WILL BE THOROUGHLY ARGUED BY MANY MEMBERS OF THE BAR.

Some History of the Now Celebrated Case Together with the Article Com-

plained Of.

William H. Marshall was released yesterday from Oahu prison on a nominal bond of \$100, pending the battle of lawyers in the United States court over the question of the jurisdiction of that court in habeas corpus proceedings in the case. Attorney General Dole of the Territory of Hawaii and J. C. Baird, United trial in the circuit court. States district attorney, will be in the case as amici curiae. W. O. Smith will represent the Judd heirs and J. T. De Bolt the defendant.

When Geo. D. Gear yesterday morning Buling on Status of Deputy Marasked the court for permission to appear in the case as amicus curiae, Judge Estee said that an invitation is extended to the entire bar of Honolulu and the islands to take part in the case, both in argument and briefs. The gates of advice from the legal fraternity are thrown wide open and if any lawyer has theories about this cause celebre and fails to present them next Tuesday he should forever hold his peace if the result of the deliberations are not in accord with his

The habeas corpus proceeding of W. H. Marshall was the first thing on the docket yesterday morning when Judge Estee opened court. In reply to the question of the judge if a return to the writ had been made, Clerk Maling replied that there had, and Attorney General Dole, appearing for High Sheriff Brown, was asked to read it. The return with a copy of the mittimus attached was then read by Mr. Dole as follows:

"In the district court of the United turn: Arthur M. Brown, the respondent named in the petition for writ of habeas suys: That he is the high sheriff of the Territory of Hawaii, and as such is responsible for the custody, control and safe keeping of all prisoners committed to his custody by the courts of the Territory of Hawaii; that the said William H Marshall is now and has been since the 9th day of October, A. D. 1900, detained and confined in the Oahu jail under and by authority of a certain mittimus to the said high sheriff directed, a copy of which is hereto attached and made a part here-

The return is signed by A. M. Brown. high sheriff, Territory of Hawaii, and sworn to by him before George Lucas, clerk of the supreme court.

The mittimus is directed to "The Marshal of the Hawaiian Islands or his Dep-'mty," and sets out Marshall's conviction in the circuit court for the offense of publishing a libel in the first degree commit ted on or about August 27, 1899, by publishing in the "Sunday Volcano" of that date a libel on Chief Justice Judd, of which a copy in these words is set out:

"A young man in years, faltering in judgment, lame in ideas, has been driven over the Pali; a man who saw no good but that which was mirrored in himself has been driven over the Pali; a man as changeable as the wind has been driven over the Pali; a thing, a creature, a cringing reptile of greed and spoliation has been driven over the Pali; a man who knew no law but policy has been driven over the Pali; a man who in every case of litigation involving wealth against poverty decided in favor of wealth has been driven over the Pali, there to remain forever.

"A. F. Judd's mind is a vacuum and he is rapidly becoming a jibbering idiot. From the first he recognized no opinion nor abligation inconsistent with those 'i power. He was everything for a time and nothing long. In his time he played many parts and played them poorly. In order to remain in power he was a syco-

phant to every fallacy. "Tomorrow, to gain the speaking rec ognition of this paper, he would sacrifice his manhood, aye, even surrender his

robes of office. "He is over the Pali, and on his face is the picture of despair.

"The country and the Volcano is through with A. F. Judd. Let him die

"Chief Justice Judd is a man of re tiring habits. He is over the Pali. "Where is your chief justice a man not possessing one sixteen hundredth

part of the honor of Pontine Pilate? He is over the Pali." After the reading of the return, the court said. "This is a matter of great concern and the first thing we must set the is the question of this court's juris-

diction. Of course, it would not have issued the writ in the first place if it had not believed it had jurisdiction, but we must make sure. It is a very serious proposition for this court to ctand as an appellate court, and it does not, but where a primary ground is shown for issuing a writ of habeas corpus, as has been done, the duty of this court is

The attorneys were then interrogated by the court as to their wishes regarding the time for argument on the quesDole spoke on the matter of releasing the defendant on bail pending the settlement of the question of jurisdiction. He said that, in order to give counsel time to prepare their arguments and the court leisure to come to a decision, he favored releasing the prisoner on a nominal bond. inal bond Mr. Dole replied: "Anything your honor thinks sufficient."

Judge Estee asked if \$100 would be enough. Mr. Dole said this would be satisfactory.

The court then ordered that the defendant be released on filing a bail bond of \$100, satisfactory to the United States district attorney, not forgetting to admonish Mr. Marshall to make his appearsuce at all hearings of the case.

A satisfactory bond was shortly presented to the United States attorney. with Chas. S. Desky as security, and Mr. Marshall spent vesterday in his home or upon the streets talking to friends of his late unique experiences.

The contention of the defendant is that he was illegally imprisoned because he was put upon trial for an infamous crime without indictment by a grand jury, contrary to the fifth amendment of the constitution of the United States, and that the verdict was agreed to by only nine of the twelve jurors, contrary to the sixth amendment of the constitution and further that the defendant did not plead to the charge against him on his

The American officers on the island of Tutuila, Samos, are ruling with a firm hand and are making the enforcement of old rules and customs, when of a degrading or superstitious character, rather unpopular. Recently Letuli, a councy chief, violated his pledges and he was tried before a high court, of which Commander B. F. Tilley, U. S. N., commandant of the United States naval station was president.

Letuli was charged as follows: First-Abuse the authority vested him by the authority of the United States government as county chief. Second-Incite his people to commit acts of violence against one Fagaima, a resident of his county, and to do other

Story of the Battle That Was Lost and Won on the Oahu College Campus Yesterday.

The first game of the football season was played yesterday between the Punahou alumni and Oahu college. The former team managed by sheer plunges through the line to score six points in the last five minutes of play. The final score was 6 to 0, in favor of the alumni. The victors were much the heavier. while the college boys excelled in speed and team work. Weight triumphed, however, and the students were defeated in a close, hard game.

The teams fined up as follows Alumni-A. Waterhouse, center; Walk er, left guard; A. Judd, right guard; Greenwell, Fuller, left tackles; G. Judd. left end; A. Judd. right end; Babbitt, quarter; Hemenway, left halfback; Ingalls, right halfback; Fuller, Greenwell, fullbacks.

In the second half the alumni started in with a rush. After some bucking back and forth near the center of the field they kicked the ball far into the college's territory. As the ball descended it was fumbled and the alumni's end was on it like a streak. The college line held like Trojans, but they were slowly pushed back until little Ingalls skirted the end for the desired five points. Fuller kicked the goal.

The college started in with a vim. but the time was too short and but very litt'e could be done against their heavier opponents. The game ended with the ball in the center of the field.
